Request for Proposal (RFP) For Audit Services FY 2018 – FY 2021

QUESTIONS & ANSWERS (4.23.18)

Q: [Firm] will be submitting one RFP covering all TOS Entities – should we submit a hard copy directly to IESA?

A: **A printed/hard copy is not necessary. A full digital copy can be submitted directly to the IESA. If your response is comprehensive and includes all TOS Entities, you may submit a single RFP response to the IESA (or any other Entity). This comprehensive response will be considered by all TOS Entities. To make individual bids, please send individual responses to each of the TOS Entities separately.**

Q: Are IESA employees eligible for any other post-employment benefit plans (OPEBs)?

A: **No. IESA employees are not eligible for OPEBs aside from their retirement savings and pension benefits.**

Q: Does the IESA or its auditors prepare the annual audit report including footnotes?

A: **The auditors prepare the annual report with review from the IESA, and supplementary information made available by the agency as/if needed.**

Q: What was the total cost for the IESA's Fiscal Year 2017 audit?

A: **\$5,000.**

Additional answers will be provided to any questions as they are submitted through April 30, 2018.
