Cash Payments:

If you are placing cash in the utility payment drop-box, please make sure to secure it in some fashion. You can use an envelope (even if its homemade), a paper-clip, staples, or any other variety ways. If we get more than one loose cash payment, I have to use my best guess to make sure that I apply the correct amount to the correct account.

Payments can be made with cards via the PayGov icon on the new website, money order, cash or check; either in the drop-box at the window in the office.

Golf Cart Tags:

2024 Golf Cart Stickers have arrived!!! The cost for these remain \$30/year.

Pet Tags:

Pet Tags are in!!! The cost remains the same. \$5/pet for up to three pets, no charge for any additional pets.

Recycling Bin:

We are still seeing bags and boxes stacked up against the recycling receptacle. If you notice someone doing this, please report it.

The recycling bin at the corner of S Main/E Wall is currently provided at no cost to the Town or its residents. Please make sure you are following the guidelines that are posted on the bin.

There is to be NO residential trash (food) placed in the bin. The only bagged item that should be placed in the bin is shredded paper.

Placing your household trash in or next to the bin is considered dumping and could very well cause the county solid waste division to remove the bin.

For information on where you can take items that should not be placed in the recycle bin, visit boonecountysolidwaste.com They have a list of places you can take things like televisions, tires, chemical waste, and other hard to dispose of items year round.

Did you know?

All building permitting for the Town go through the Boone County APC (Area Plan Commission) This includes fences, sheds, additions, upgrades, and more. If you are unsure if you need a permit for your project, please

contact them at 765-482-3821 they will be better equipped to answer your questions.

Please make sure your house number is displayed prominently and is plainly visible from the street. It needs to not be obscured by vegetation and such, and the color of the numbers should contrast with the background. If at all possible, it should be reflective. This will help emergency services find you quicker in the event you

need their help. As you probably know, in our area GPS is not always 100% accurate.

Tire Collection Event:

There will be a Tire Collection event on Saturday September 21st from 9A-4P or until the collection trailer is full. We will pass along more information as it is made available to us.
