Sprinkler Meters:

It is the time of year when people start filling their pools. This is a reminder that if you wish to receive a sewer credit, you must have a sprinkler meter on the hose you use to fill it. You can purchase a meter from the Town (cost is \$80) or get one on your own elsewhere.

If you do purchase one elsewhere, we would prefer they measure in gallons if at all possible

IMPA:

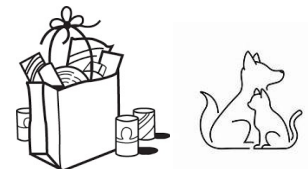

If you go to impa.com/resources there are links that could be beneficial to you. There is information about an energy efficiency program, and energy saving tips for various things you may have in your home.

Sump Pump Inspections:

We are needing to conduct sump pump inspections at some locations. If your property is included in the list that needs inspected, you will be contacted in order to schedule when this can be done. We appreciate your understanding and cooperation in advance.

Reach Alert:

We use the ReachAlert text system to notify residents of information they may need or want to know. A few of these things would include scheduled outages, road closures, boil orders, meeting and/or office hours changes, updates during unscheduled outages, and more.

We have recently had several people contact the office upset because they didn't know when something was happening. If you are not signed up, have changed phone numbers/emails, or have

opted out of these messages, you may not get the information since this is our primary way to notify you when these things happen and we cannot control who does or does not have Facebook. ANY time you change your contact information, the office NEEDS to know.

If you are not currently receiving the Town's alerts, please contact the office ASAP so we can make sure you stay informed. You can have up to 4 phone number and 4 emails registered for each address.
