

**ANDREWS TOWN COUNCIL MINUTES  
OF A PUBLIC MEETING HELD JUNE 3, 2026**

A public meeting of the Town Council of the Town of Andrews, Indiana convened on June 3, 2026, at 10:00 a.m. at the Andrews Town Hall in accordance with applicable law and pursuant to appropriate notice.

**ROLL CALL**

Council Members Laura Dillon, Roger Newsome, Jr. and Michael Dean Young were in attendance. Clerk-Treasurer Laury Powell declared a quorum was present and the meeting would continue.

**NEW BUSINESS**

Council President Laura Dillon said that by mid-April, it had become clear the council needed to select an engineering firm soon to lead the south well field and water treatment plant project. Given the importance of the decision, she believed the council should consider additional firms, not just the one that had worked with the Town during last year's RTX negotiations. John Harshbarger, Colin Bullock, and Roger Newsome, Jr. reviewed six firms through a series of interviews. Those presentation packets and general project proposals were then evaluated by each council member.

Following brief discussion, Dillon thanked Harshbarger, Bullock, Newsome, and Eric Woodmansee for their work in advancing the new water plant project to this stage. Bullock answered questions about the new wells and whether the existing distribution lines and the water tower could contaminate the clean drinking water piped into town.

Roger Newsome, Jr motioned to hire Lochmueller Group to engineer the new well field and water plant. Dean Young seconded the motion, which was approved unanimously 3-0.

With no further business, Newsome motioned to adjourn the meeting at 10:09 a.m., seconded by Young.

Approved this 8<sup>th</sup> day of June 2026.
