

Battle Ground Town Council

Meeting Minutes, July 29, 2019

A special meeting to review a Sewage Master Plan provided by Butler, Fairman & Seufert

Attending: Zach Raderstorf, Council President; Councilors Mike Bird, Greg Jones, James Miller, Steve Egly; Clerk Treasurer Georgia Jones, Town Supervisor Ron Holladay.

Guests: Mary Jo Totten, Colin Sullivan, Colin Dale, Dave Buck, David Bisher, Angela Bisher

Zach Raderstorf called the meeting to order, 7:00 p.m.

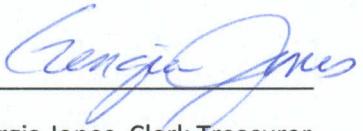

Dave Buck introduced the presentation, a Master Plan for developing the sewage system to correct existing deficiencies and prepare for future development. He mentioned that a master plan is meant to be reviewed and updated perhaps annually. Changes in technology is but one of the factors that may require the plan to be adjusted for best result.

Colin Dale reviewed the current structures and system, and related previously expressed needs and growth plans to a phased implementation schedule. The schedule includes estimated costs and is indexed to area maps that indicate the location and type of project.

A partial list of potential projects includes developing a regional lift station, increasing capacity at Northgate, connecting CR 600 N to Northgate, eliminating one lift station and replacing gravity sewers, rerouting or replacing the force main from Woods Edge, and improving the pump/main capacity from Hawk's Nest.

Dave Buck cautioned that the plan is a 3-5 year plan, and should be confirmed from the beginning to implement within that time frame. Development may alter the plan but the best outcome is to make progress and not let the plan sit on a shelf. He would like to have an idea of the budget available, to be able to recommend a specific order for the phased work.

Motion to adjourn 7:53 p.m. by Mike Bird.

Georgia Jones, Clerk Treasurer

Zachary Raderstorf, Council President
