Clerk Treasurer Report: Brittany finished filed taxes for the town. Finished W-2's and sent them out and submitted one of the 4 reports due to the State in Feb. Brittany also created a system for receiving payments of funds from the Police Officers for their General fund that should make it easier to account for everything.

Duke billing seems to be worked out now and is now reflecting everything correctly.

Plowing: We have received the invoice for plowing in the amount of \$1740. This is over the budgeted amount for snow plowing for the whole year. It seems super high compared to previous years. Scott has charged us for way too much. Over 8 hours worth, for just one day. Joe says if the board agrees he will call and talk to Scott about the bill being too high. The board all agreed for Joe to call him.

Wex Account: We received a big bill for Wex Fuel, it wasn't due to the fault of the officers or Taylor, they charged us a \$73 Finance charge. We are also receiving a \$10 charge for a paper statement that we aren't receiving until 2-3 days before the bill is due. Brittany has not got a chance to call about that as we just received the statement. However, the bill is due before she will have a chance to call. The board agrees that the bill needs to go ahead and be paid.

Police Department Report: There were 29 stops for the month of January.
Taylor fired 2 people in January. Theo Bastin and Dylan Prichett.

Fire Department Report: 6 runs so far this year. Orange truck that was getting detailed at last meeting has now had half its decals applied.

Joe says that we have talked to Joel and are still working on getting information from him regarding the Fire Department contract. Mark says he has not gotten any new information. Joe just wanted to make sure Mark knows we have not forgotten about it and haven't put it on the back burner.

New Business:

The tree that has fallen and is leaning against another tree, at the property across the street from the Town Hall, is a hazard. The Town needs to say something to the homeowner or have Tom Green say something. Taylor says he will have someone stop by and ask if something can get done. Joe says that it will no longer be considered an "Act of God" if it falls since so much time has passed since it originally fell.

Kelsie says she has sold her house and has until March 22nd to be out. She said that she talked to the Republican Chair and there was mention about possibly being an interim board member until the position is able to be filled.

Kelsie mentions that the HCCF TASK Grant is currently open and she would like to apply for it for playground equipment for the park. The board discusses the type of playground equipment and the possibility of Commercial Grade equipment and Liability risk. Joe motions that if Kelsie finds equipment for a decent price then she can apply for the Task Grant for the playground. Debra seconds the motion.

Joseph Peavler	Kelsie Conwell	Leah Stevens	Debra Shook
Aye	Aye	Aye	Aye

Motion passes to apply for TASK Grant.

Joe motions to adjourn the meeting. Kelsie seconds the motion.
