

Residential Recycling Collection Program

Republic Services® and the Town of Converse will shift all single-family residents to an every-other-week fully carted recycling collection service. Recycling carts will be serviced with the same type of equipment and manner as residential solid waste containers. All single-family customers have been issued a 95-gallon wheeled recycling cart (a blue cart with a light blue lid). These recycling carts will be set out along side the waste cart on your designated recycling collection day. We ask that when placing the carts out at the curb, to leave at least 5 feet of distance between the two carts. The current 18-gallon bins will no longer be collected at the curb. ***The following items can always be placed in your recycling cart:***
