

LITTLE TOWN ON LAKE MAXINKUCKEE

Choose Culver!

Experience Living in a Stellar Town Year Round

Welcome to Culver, Indiana,

a Little Town on Lake Maxinkuckee. The natural beauty of the second largest natural lake in Indiana with a truly diverse community makes Culver one of the most unique small towns in the country.

Culver serves as a regional hub with its assorted array of shops and restaurants, fine dining options, charming retail and commercial districts, a world-renowned boarding school, and Culver Community School Corporation that provides a "top rated" K-12 public education. Nine different Churches are located in Culver so you can practice your faith. Health care options are covered through a local regional clinic and the community is in close proximity to the center itself where a newly \$2.5 MM emergency wing recently opened.

Whether you are interested in visiting for a day or a summer, come visit our community. If you are considering moving to Culver or opening a business, we highly encourage you to do so. Visit us on the shores of Lake Maxinkuckee and find out what makes Culver a *Stellar Town Year Round!*
