SERVICE LINE INVENTORY

IN5250005 - CULVER WATER DEPARTMENT

Federal System Type	Operating Category
C	DST3
Principal County/Parish/City Served	Activity Status
MARSHALL/CULVER	A
Activity Date	Population
01/01/1976	1391
Federal Source Type	Service Connections
GW	850

As part of the revised Lead and Copper Rule, active community and non-transient non-community water systems must identify the material for all of their service lines. Each service line will be assigned a category of Lead, Galvanized Requiring Replacement (GRR), Non-Lead, or Unknown. A replacement plan will be created to replace any service lines in the category of Lead or GRR.
