F. ENVIRONMENTAL JUSTICE

In accordance with Title VI of the Civil Rights Act of 1964, each Federal Agency shall ensure that all programs or activities receiving Federal financial assistance that affect human health, or the environment do not directly, or through other arrangements, use criteria, methods, or practices that discriminate on the basis of race, color, or national origin. Part of Title VI reads, "No person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.'.

The three-fundamental environmental justice (EJ) principles are:

- *To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations.
- *To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process; and
- *To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority populations and low-income populations.

The Town of Rome City has a commitment to these three environmental justice principles in all work that the Town performs.

H. LIMITED ENGLISH PROFICIENCY (LEP) POLICY

On August 11, 2000, the President signed an executive order, *Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency (LEP)*, to clarify Title VI of the Civil Rights Act of 1964. It has as its purpose, to ensure meaningful access to programs and services to otherwise eligible persons who are not proficient in the English Language. In addition, The US Department of Transportation published *Policy Guidance Concerning Recipients' responsibilities to Limited English Proficient Person* in the December 14, 2005 Federal Register. This guidance outlines the following four factors that the Town uses to access the LEP populations in Rome City.

1. The number and proportion of LEP persons eligible to be served or likely to be encountered by the Town.
2. The frequency with which LEP individuals come into contact with the program, activity or service.
3. The nature and importance of the program, activity, or service provided by the program.
4. The resources available to the Town and costs.
- 5.

Summary of the four-factor analysis

Factor 1- The number and proportion of LEP persons eligible to be served or likely to be encountered by the Town:

According to the U.S. Department of Justice Civil Rights Division in the 2015 Language Map, the percentage of possible LEP populations in Noble County may be approximately 5.09% (foreign born persons). The 2020 Census shows the population in Rome City to be 1,322 with the 2020 census showing race or ethnicity distribution as:

White – 95.7%
Black or African American -.2%
Hispanic or Latino -1.8%
Native American/Other - .2%
Asian - .6%
Multiracial – 1.5%

The most common language spoken besides English is Spanish with the remaining possible LEP population is spread among the other language groups.

Based on the above figures, the estimated populations for possible language groups are:

White - 1265
Hispanic or Latino - 24
Black or African American - 3
Native American/Other - 3

Asian – 8
Multiracial-19

The Census Bureau has a range of four classifications of how well people speak English. The classifications are: very well, well, not well, and not at all. For our planning purposes, the Town considers people that speak English less than very well as Limited English Proficient (LEP) persons. It is estimated that the majority of minorities in the community speak English well or very well or have translation availability within their own families or friends. Using the Four Classification range the number of LEP persons estimated to be living in Rome City is estimated to be at most 1% of the minority population or approximately 5 individuals who may be considered as LEP. Based on actual contact between Town Staff and the community there has not been a request from anyone in the service area recorded within the last five years to the Town asking the Town to provide language translation services. Therefore, the LEP population may be even fewer than the estimate shown above.

Factor 2 — The frequency with which LEP individuals come into contact with the program, activity or service:

As mentioned above in Factor 1, there have not been any recorded language translation requests for at least the last five years, nor have there been any complaints concerning discrimination regarding the LEP population within the same time period.

Factor 3. The nature and importance of the program, activity, or service provided by the program:

If at any time a LEP individual requests translation services that are considered important such that denial of delay of access or services or information could have serious or even life-threatening implications, the Town will provide, upon request, services to assist the LEP population including translation of vital documents and interpretation services.

Factor 4. The resource available to the Town and cost:

The Town of Rome City is a very small community with limited resources so an intricate plan to accommodate LEP people is not practical at this time. Considering the minor LEP population the Town plans to provide basic services upon request as discussed in Factor 3 above.

Summary of LEP Accommodation Plan

- The Town of Rome City strives to serve its population to the best of its ability and will provide upon request services to assist the LEP population including translation of vital documents and interpretation services deemed necessary to provide meaningful access to Town services.
- A U.S. Census Bureau ISpeak card is available as part of this document and on the Town's webpage and is also available at Town Hall located 402 Kelly Street. This card allows LEP individuals to communicate their preferred language to the Town Staff whereas Town Staff may then access a language translation service to accommodate the needs of the person with LEP. A translation service called INDY Translations, phone number 1-800-695-8772 is available to Town Staff or other translation services may be used as determined by the Town.
- Collect public involvement data to monitor possible LEP individuals in the community. The Town of Rome City utilizes a voluntary public involvement survey to collect information regarding

people affected by proposed projects. The survey permits respondents to remain anonymous, while voluntarily answering questions regarding their gender, ethnicity, race, age, disability status, and household income. This voluntary public involvement survey is available at all public hearings and meetings. Once the survey data is collected an analysis will be conducted. After the analysis of the survey data is analyzed, the Town is committed to addressing any discrimination this data reveals. Completed surveys shall be retained for a period of three years from the date of the meeting and/or completion of the related project, if applicable. See Appendix G for a sample of this Survey.

- Review written Title VI complaints informally at the local or regional level. Review and update the Town's Title VI plan and procedures as required.
- Staff Training - the Town of Rome City's staff will be provided with training on the requirements for providing meaningful access to the services of LEP people. Considering the relatively small size of the Town of Rome City and the estimated small number of LEP individuals in the service area and limited financial resources, current training may be limited to web access to this document and its attachments by all Town Staff.
