

Beaver Township Meeting Minutes 10/17/25

Meeting started at 8:01 am to discuss the library petition results. The petition had a total of 11 signatures to join the Pulaski County Public Library, while the remonstrance had 214 signatures to not join PCPL. The petition did not get enough signatures to make the petition effective and was defeated by the residents of Beaver Township. Kaila appreciates getting the conversation started in Beaver over the library tax issue so that we can continue to pursue and resolve the issue of having no current home library. Katie proposed that we join the Francesville-Salem township library. Kaila inquired what kind of information we gained from residents about added a library tax and increasing residents property tax and seems that there is an overwhelming desire to join a library tax territory and while some opposed a tax increase, not many did. We will plan a meeting with Francesville Library board to discuss and make resolution at that meeting. Meeting adjourned at 8:15 am.
