How to Download Adobe Reader and Fill Out a Fillable PDF

To properly complete this fillable PDF form, you must use **Adobe Acrobat Reader**. Other apps or browsers may not allow you to type into the form or save it correctly.

📱 iPhone or iPad

Step 1: Install Adobe Acrobat Reader

1. Open the **App Store**
2. Search for **Adobe Acrobat Reader**

   Use this link to open the Adobe Reader in the App Store

   [Adobe Reader in App Store](#)

3. Tap **Get → Install**
4. Authenticate if prompted (Face ID / Touch ID / password)

Step 2: Open the PDF

1. Download the PDF form
2. Open the **Files** app or Mail (wherever the PDF is)
3. Tap the PDF
4. Choose **Open in Adobe Acrobat Reader**

Step 3: Fill Out the Form

1. Tap any fillable field
2. Enter your information
3. Continue until all fields are completed

Step 4: Save the Form

1. Tap **Save** or **Share**
2. Select **Save a copy**
3. The filled form will be stored in the Files app or Adobe Reader

---

⚠️ Important Notes

- **Do not fill out the form in a web browser** (Chrome, Safari, Edge preview)
- **Do not use third-party PDF apps**, as fields may not save correctly
- Always **save a copy** after completing the form
- If emailing the form back, **attach the saved copy**, not the original blank file
