NEW INDIANA RESIDENT TITLE AND REGISTRATION INFORMATION

To obtain a title, new residents must provide identification and title documents as outlined below:

As a new Indiana resident you must provide proof of your social* and 2 proofs of address.

You have 60 days after becoming an Indiana resident to process your title to avoid an administrative penalty. You will need to provide your residency date (date you moved to Indiana) at the time of title transfer for tax proration purposes

*Proof of social security number can be presented with a valid Social Security card (SSN) or Proof of lawful status I-94 with a Social Security Number Ineligibility Letter issued by the Social Security Administration. The Ineligibility Letter must be dated within the past 60 days of the transaction.

Documents Needed:

- Most recently issued title
- If the state you are moving from does not require your vehicle to be titled, proof of ownership, such as a registration, must be presented (in most cases)
- If the state you are moving from issues Electronic Titles, you must request a printed copy of the title from your previous state of residence and present to the Indiana BMV
- If a lienholder has the title, you can complete a [Request For Title](#) and return the form to an Indiana BMV branch. The branch will send the form to the Lienholder listed on the form. The branch will contact you when you may return for title processing. *If you are waiting for a lienholder to respond to a request for a title to complete your branch transaction, you can purchase a 30-day permit to make sure you are valid in the state of Indiana. If the out of state registration is expired or will expire before the branch receives the title from the lienholder you may purchase a 30-day permit, for which there is a fee.*
- If there is a lien recorded on the face of your out-of-state title, then the Indiana BMV must record the lien on the newly issued Indiana title. If your lien has been satisfied, then the lienholder must release the lien by signing the lien release section of the out-of-state title or by providing a written lien release document.

VIN INSPECTION

You have a couple of options to complete a VIN inspection.

Option 1

If the VIN is easily viewable in the windshield of the vehicle, the inspection can be done by a [BMV branch or a partial service provider](#)

Option 2

Have a police officer verify the number and fill out the [Physical Inspection of a Vehicle or watercraft](#)

Important Note: *Utility and boat trailers do not require a VIN inspection unless your previous state of residence did not require them to be titled. If no title was required in your previous state of residence, a VIN inspection will be necessary to title the trailer in Indiana. Additionally, all travel trailer/RVs DO require a VIN inspection.*
