Ride Safe Indiana Sponsors Biker's Showcase at the Indiana Motorcycle and Powersports Expo

INDIANAPOLIS— Ride Safe Indiana (RSI), the State of Indiana's motorcycle safety program, will be the official co-sponsor of the Biker's Showcase at the 29th Annual Indiana Motorcycle and Powersports Expo this weekend, February 14 to 16, at the Indiana State Fairgrounds. RSI will also host a booth in the Exposition Hall during the event.

RSI was created to train motorcyclists and educate motorists to share the road in order to decrease motorcycle accidents and fatalities. RSI offers entry level, three-wheel, and advanced safety and training courses from over 31 providers across Indiana. Multiple RSI providers will be in attendance throughout the Motorcycle Expo.

"We are proud of the positive impact RSI continues to have on Hoosier motorcyclists. With the support of our partners across the state we strive to keep Indiana riders safe on our roads while offering the highest quality motorcycle training and education to our students," said Bureau of Motor Vehicles Commissioner Peter Lacy. "Our partnership with the Indiana Motorcycle and Powersports Expo is a great opportunity for RSI to connect with the motorcycle community and generate more awareness about our mission and available courses for all levels of riders."

Expo attendees can learn more about licensing, endorsements, and learner permits, while also signing up for a safety or training course with an RSI provider.

For tickets and general information about the 2020 Motorcycle Expo, visit IndianaMotorcycleExpo.com.
