

# HARDWOOD STRATEGY

- Foster the growth and expansion of existing hardwood businesses
- **Increase Hoosier business-to-business connections**
- Promote the positive environmental and economic benefits of using sustainable hardwoods to consumers
- **Increase the level of proper forest management among the tens of thousands of private woodland owners in the state.**

# Two Types of Trees

Hardwood Forest

Softwood Forest

Many softwood trees, like pine, are planted and harvested like crops (think of corn). Young trees, called seedlings, are planted to create a new crop.
