Rhonda Clark, MED, is the Deputy Director for the Office of Early Childhood and Out of School Learning in Indiana. In her current role she is responsible for oversight of the Impact Project. She also provides support to the Director and the Leadership team to ensure all the requirements for the Child Care Development Block Grant and the On My Way Pre-K Program are successfully met. As a long time public servant, Rhonda previously worked at the Illinois State Department of Education where she had oversight of state funded Pre-K grants. She also had oversight of the coaching and training programs provided to state funded Pre-K grant recipients. Rhonda has experience owning and operating a center that was NAEYC accredited and blended CCDF, Head Start, State Pre-K and private pay funding streams. She is passionate about the quality of the educational experiences that are provided for our young children and works diligently to ensure they are available to all children.
