Providers may resubmit professional crossover claims for HCPCS code J7186 that denied incorrectly

The Indiana Health Coverage Programs (IHCP) has identified a claim-processing issue that affects certain fee-for-service (FFS) professional crossover claims with dates of service (DOS) from June 1, 2018, through May 19, 2020. Claims or claim detail lines billed for Healthcare Common Procedure Coding System (HCPCS) code J7186 – *Injection, antihemophilic factor VIII/von Willebrand factor complex (human), per factor VIII i.u.* may have denied inappropriately with explanation of benefits (EOB) 4801 – *Procedure code not covered for benefit plan.*

The claim-processing system has been corrected. Beginning immediately, providers may resubmit claims for procedure code J7186 that previously denied for EOB 4801 during the indicated time frame, for reimbursement consideration. Claims resubmitted beyond the original timely filing limit must include a copy of this banner page as an attachment.

Note: Claims with DOS before January 1, 2019, must be resubmitted within 1 year of the banner page's publication date. Claims with DOS on or after January 1, 2019, must be resubmitted within 180 days of the publication date.

IHCP COVID-19 Response: Updated policies will apply throughout the public health emergency

The Indiana Health Coverage Programs (IHCP) is reminding providers that all policy changes in response to the coronavirus disease 2019 (COVID-19) will remain in effect for the duration of the public health emergency. Indiana's governor and the federal government have not announced an end date for the emergency.

Providers can reference waivers approved by the Centers for Medicare & Medicaid Services (CMS) as published in the [Indiana Medicaid section 1135 waiver](#). These changes will apply during the public health emergency.
