INDIANA HEALTH COVERAGE PROGRAMS

BR202105

FEBRUARY 2, 2021

Gainwell Technologies to mail 2020 IRS 1099-MISC tax forms to providers

All Internal Revenue Service (IRS) 1099-MISC tax forms for 2020 related to Indiana Health Coverage Programs (IHCP) payments will be mailed and postmarked by January 31, 2021.

Please be aware that you may receive two forms associated with payments made under two different tax identification numbers in 2020. Payments were issued under the DXC Technology Services LLC tax identification number for January through September 2020. Payments were issued under the DXC MS LLC (Gainwell Technologies LLC) tax identification number for October through December 2020.

Note: If you were paid less than \$600 by either of the two entities, a 1099-MISC form will not be generated under that tax identification number.

Health information technology environmental scan survey for providers

The Indiana Family and Social Services Administration (FSSA), Office of Medicaid Policy and Planning (OMPP) is conducting a health information technology environmental scan survey as part of closeout activities for the Promoting Interoperability (PI) program, as required by the *Health Information Technology for Economic and Clinical Health (HITECH) Act*.

The PI program, formerly known as the electronic health record (EHR) Incentive program, helped fund health information technology for providers adopting EHR technology, and offered some incentive payments.

The FSSA and OMPP are gathering information and hoping to gain insight into providers' experiences and perceptions about the PI program. Please take 10 minutes to click on and complete this [survey](#).

The survey, which is voluntary, will be available from **February 1, 2021, through February 28, 2021.**

Any healthcare provider may participate, including eligible professionals (EPs), eligible hospitals (EHs), and organizations that serve Indiana Medicaid members now or did in the past.
