**Indiana Professional Licensing Agency Provides  
Annual Licensing Statistics from the 2023 Calendar Year**

**STATEWIDE** – The Indiana Professional Licensing Agency (IPLA) is pleased to provide its annual licensing statistics from the 2023 calendar year. Indiana state law under [IC 25-1-5-4.6\(b\)](#) requires the IPLA to provide and post the following information on its website each calendar year:

- 1) The number of new licenses and certificates issued in the preceding calendar year, with the information separated by license and certificate type.
- 2) The average wait time for new licenses and certificates that were issued after submission of a completed application in the preceding calendar year, with the information separated by license and certificate type.
- 3) The number of licenses and certificates renewed in the preceding calendar year, with the information separated by license and certificate type.

The IPLA's statistics on this information are provided in the reports included herein, and these reports are now provided on the IPLA's ["Resources" web page](#).

As the IPLA continues to modernize the administration of its critical licensing services, the IPLA is committed to providing even more transparency on the scope and state of the agency's administration, as well as licensing and workforce trends across the state Indiana. The IPLA also recognizes that its aggregate licensing statistics and data can be critical information in the important decisions that are made by state and local policymakers and industry leaders. The IPLA remains committed to working with policymakers and its industry stakeholders and partners in using its data to deliver better results and services to licensed professionals and Hoosier consumers.

###

## **About the Indiana Professional Licensing Agency (IPLA):**

The Indiana Professional Licensing Agency (IPLA) was established by the Indiana General Assembly in 2005, consolidating the Indiana Health Professions Bureau and the former Indiana Professional Licensing Agency into one centralized umbrella agency. The IPLA now issues licenses for forty (40) different professions and over two hundred (200) unique license types. 1 in 6 working Hoosiers are currently licensed by the IPLA. The IPLA supports approximately forty (40) of the State of Indiana's occupational licensing boards, commissions, and committees in administering their duties and business, and also provides inspection services for certain professions and businesses across the state of Indiana. The IPLA partners with several other Indiana state agencies in providing professional licensing services, by managing the State of Indiana's online professional licensing system – the Indiana Licensing Enterprise. The goal of the IPLA is to ensure Hoosiers have access to robust, safe, and reliable professional services by providing licensure to professionals in a fair and efficient manner.

# LICENSES ISSUED

1/1/2023 - 12/31/2023

## **Accountancy Board**
